

LEAN ENTERPRISE

RB Royal demonstrates its Lean Enterprise commitment through the use of progressive tools and techniques to eliminate waste throughout our company. We are continually improving our manufacturing and office processes through comprehensive employee involvement.

Lean strategies include:

- **Lean Basic Training:** Employee education in lean enterprise incorporating simulation of lean techniques
- **Focused Office Cells:** Merging our sales, customer service, applications engineering, quality, manufacturing engineering, buying and planning functions into a focused team approach with a collective goal of satisfying our customer
- **Lean Blitz Events** or focused improvement activities
- **Manufacturing Cells:** Combining operations for one piece flow and balanced production
- **Pull systems** from our customers through our supply chain
- **5-S/Visual workplace** both in the office and manufacturing plant
- **Mistake proofing**
- **Total Productive Maintenance (TPM)**

At RB Royal, we design and manufacture custom hose and tube assemblies as well as precision machined products for applications involving fluid power, fluid transfer and systems integration. Call our experts or log onto www.rbroyal.com to find out how we can help you today.
